

Sam Gillespie, AuD, CCC-A, F-AAA, graduated from the University of Iowa with a degree in Speech and Hearing Science in 2007 and from the University of Kansas with a Doctorate Audiology in 2011.

He is the Owner of Advanced Audiology of Greater Omaha. Dr. Gillespie previously was a Staff Audiologist at Associated Audiologists, Inc. in Kansas City, KS; and Manager of a Manhattan, Kansas clinic.

Sam said, “As an audiologist and private practice owner, I hope to provide additional perspective to the NSLHA Board of Directors to benefit those in the communication disorders professions, as well as the patients we serve. I understand the challenges that my patients face in access to and coverage of audiology services. I understand the frustrations of billing and reimbursement from the provider side, as well as the patient side (through the experiences of family and friends). I hope to gain additional understanding of the issues affecting speech pathology and develop plans to address concerns through advocacy efforts.”
