

Staci Stoehr, MS, CCC-SLP earned a Bachelor of Science in Speech-Language Pathology from Kansas State University and a Master of Science in Speech-Language Pathology from the University of Nebraska-Lincoln. Staci has worked in acute care, long-term care, in schools and outpatient rehab. She has been practicing for 26 years. Staci's passion is working with medically complex pediatric patients.

Staci said, "I would like to be considered for the NSLHA Board as I feel as if I have seen a lot of changes in our profession and want to be an advocate so that we are always seen as the highest qualified provider for our patients.

Goals for NSLHA are:

1. Advocate for our profession so that SLPs and Audiologists are always providing the highest qualified services possible.
2. Grow our membership and educate SLPs and Audiologists about the value of being a member and taking ownership of our profession and to advocate for our clients.
3. Continue to promote good stewardship with NSLHA funds but meet member needs."
