Join us for the 2020 NSLHA Legislative Advocacy Event at the State Capitol

It’s an opportunity to build relationships with your state senator, while educating and informing them about the speech-language-hearing profession in our state. This is increasingly important, as the healthcare environment continues to change, and the ability to deliver speech-language-hearing services becomes increasingly challenging.

2020 Legislative Issues Include: (Click link)
• Interstate Compact for Speech-Language Pathology Licensure - LB753
• Enhance Oversight of the Heritage Health Medicaid Managed Care Orgs. - LB956
• Establish a language assessment program for children who are deaf or hard of hearing - LB965
• Recognize American Sign Language and provide for the teaching of ASL in school - LB839

Agenda
• 12 - 1 p.m. - Lunch with Your State Senator
• 1 - 5 p.m. - Witness Legislative Proceedings
• 5:30 - 7:30 p.m. - Networking Reception with State Senators at Billy’s Restaurant

Please contact Adrian Sanchez at (402) 476-9573 or Adrian@assocoffice.net to coordinate scheduling a meeting with your state senator.

Legislative Day Preparation Webinar

NSLHA is hosting a free webinar on March 4, 2020 from 4:00 p.m. Central to help you prepare for Legislative Day. The webinar will feature NSLHA Legislative Affairs Committee Co-Chairs Josh Sevier and Jessica Thoene discussing how to build effective relationships with your senator and explaining the legislative priority issues to focus on during conversations at Legislative Day. Talking points will be provided. A webinar recording is available. Please mark that option on the registration form.

Agenda: 4:00 - 4:15 p.m. 2020 State Legislative Overview
4:15 - 5:00 p.m. Discuss 2020 Legislative Priority Issues
